INTERNSHIP

You can apply for an internship lasting 2-12 months.

It is also possible to apply for an internship after graduation, but **the application must be made before the final exams and an active student status is required.**

INTERNSHIP

Applications for internships are always open.

Several types of learning mobility are possible within one study cycle.

Applicants must find their own institution before applying.

A Learning Agreement must be signed with the selected institution.

After that, the application can be submitted by email and will be assessed by the Erasmus Committee.

INTERNSHIP

If the student receives an internship salary from the company, the grant is still payable.

The host party can check the student's language skills. For example, you can ask for a language test certificate or take a test.

What
happened?

**What happens if
someone cannot
meet the
requirements or
permanently
stops their
mobility?**

What happened?

In this case, the scholarship must be repaid!
